Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Saturday 11 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Dull, mild and breezy. Turning brighter in the afternoon.

This Evening and Tonight:
Outbreaks of rain and drizzle will continue to bring a murky feel throughout the night, particularly in southern areas. Perhaps drier and clearer across Cumbria. Feeling particularly mild. Minimum temperature 5 deg C (41 deg F).

Sunday:
Largely cloudy with further outbreaks of drizzle rain first thing and remaining mild. By lunchtime likely becoming brighter and drier from the south. Windy along the coast, especially overnight. Maximum temperature 14 deg C (57 deg F).

Outlook for Monday to Wednesday:
Mostly cloudy and on the mild side throughout next week. Outbreaks of rain are possible at times on Monday afternoon as well as Tuesday into Wednesday.
